# THE WETASKIWIN TIMES

WETASKIWIN, ALBERTA, JANUARY 13, 1921

Vol. XX, No. 44

## CITY COUNCIL

The regular meeting of the city council was held on Tuesday evening with all the members in attendance.

After the adoption of the minutes of the previous meeting, a letter was received from Otto Rehmer re the lumber from the old water tower. This was referred to the fire and water committee.

A letter from the secretary of the provincial municipal hospital department of the forming of an hospital district here was read and filed.

The next communication was from the superintendent of the C.P.R. requesting the consent of the city to the erection of a shelter to the port of Montreal which lies in to the railway property on the west side of the track. This was referred to the public works committee to report at next meeting.

Letter of Police Halg submitted his report for the month of December which was received and filed.

The bill for services amounting to \$100.00 was passed for payment.

Alex. Knox, city solicitor, interviewed the council on behalf of the Wetaskiwin Curling Club, asking for a rebate of taxes on the property destroyed by the storm and out of use.

The council granted a rebate of \$100.00 and took up a per cent interest from the club to pay the balance of the amount of taxes and the 12% taxes outstanding.

H. L. Higgins was responded a member of the local board of health for a term of three years.

Bylaw 40 respecting a by-election to fill a vacancy on the council board, was read three times and finally passed.

The date of nomination for the by-election was set for Friday, Jan. 25 at the council chamber.

After discussion, it was agreed to in council that the appointment of an assessor for 1921 be left over with the next meeting of the council.

The master of the ownership of a barn on the city's property on Dufferin street west was referred to the finance committee.

The master of rearing of bylaw of city license was referred to the police, market license and relief committee to bring in a report on same.

The secretary was instructed to get quotations on the printing of forms required at the city office.

The renewal of the fire insurance policies for the year was referred to the finance committee to report.

It was decided that the lists of users of electric light and water accounts were referred to the respective committees.

The present standing of the Alberta Hotel property was referred to the finance committee to bring in a report.

Notices of motion were given by Ald. MacEachern re appointing city health officer; by Ald. Ellis re appointing assessor; and by Ald. MacEachern re appointing a veterinary inspector.

Meeting adjourned.

## COUNCIL MEETING M.D. OF MONTGOMERY

A meeting of the council of the Municipal District of Montgomery No. 45 was held in the Secretary's office on Saturday, January 13th, all councilors present except Coun. Craig.

Minutes of the last regular meeting were read and adopted on motion of Coun. Maynard.

Bylaw No. 8 re the sale of part of the S.E. of 34-47-22-4 and the S.E. of 5-48-22-4 was read three times and finally passed.

R. M. Angus addressed the meeting, asking for rebate of wild land taxes on S. W. 15-46-24-4 for year 1919, on account of cultivation. Moved by Com. Gunn. Bussard that the wild land taxes for year 1919 on Mr. Angus' land be reduced. Carried.

Moved by Coun. Bussard that the resolution passed by the Wetaskiwin district U.P.A. re good roads be endorsed and filed. Carried.

Accrued and paid rents were passed for payment.

On motion of Revue Banque the following resolution of condolence was unanimously passed: "The Council having heard with deep regret of the death of Rev. C. M. Widén, he it resolved that the sympathy of the board be extended to Com. D. E. Widén, his family in their sad bereavement. And further that a copy of this resolution be forwarded to Com. Widén."

Meeting adjourned.

## TRouble AT THE TIMES

### CHARGED WITH BREAKING INTO FALUN STORE

Last week a series of trouble came to this office which kept the paper from being published on time. We will mention only two of them. George, one of the boys who worked for the editor had his index finger injured by being caught in one of the working parts of the machine, and the other was when just as we commenced the presswork, a small pin came out from one of the parts of the newsprint and stuck in my eye. A break took place and I required several hours to repair. With this explanation, we trust our subscribers will not be too severe in their criticism or the lateness in which the paper made its appearance.

### THE SAME SCENE

(Viewed by the Printer's Devil)

The poor old chief is full of grief. The makeup man is gone. The lime sitz is out of his. His finger's on the bum.

The press is bust, and has been caused to spread around the floor;

The Times is late and out of date,

And everybody's sore.

### BIG OIL AEROPLANES REACH EDMONTON AFTER LONG TRIP

Edmonton, Jan. 5.—Captain "Wop" May and his crew of four, with one of the all-metal monoplanes for the Imperial Oil Company's northern service, arrived here safely at 5:20 this afternoon, completing his trip from New York by air. Despite the fact that it was dark and dark, a good landing was made in excellent weather.

He will keep here until the arrival of the second machine from Virden, Man., where it is being repaired. They will then both return north to Peace River where an aerodrome is being erected for their use.

The secretary was instructed to get quotations on the printing of forms required at the city office.

The renewal of the fire insurance policies for the year was referred to the finance committee to report.

It was decided that the lists of users of electric light and water accounts were referred to the respective committees.

Notices of motion were given by Ald. MacEachern re appointing city health officer; by Ald. Ellis re appointing assessor; and by Ald. MacEachern re appointing a veterinary inspector.

Meeting adjourned.

## OIL CO. PLEASED WITH FLIGHT—WILL CARRY OUT SCHEME

Just exactly what was wanted has been accomplished, says Chan E. Taylor, production manager of the Imperial Oil Company, in reference to the flight of the big monoplane from New York. The company's preliminary test precisely such as the company wanted to have been carried out, and with three.

"In making the flight across country, the boys have done just the kind of work that will be needed in the north," says Mr. Taylor. "It is no secret that the oil companies have had difficulties with the weather and conditions very similar to those encountered on their way here, even worse, will be met with by our aviators in the north."

"What I intend doing is to run the machines twelve months in the year," he said. "We will be able to do this and produce more than 100,000 barrels of oil a day."

Individual cases and local centres of infection all over the province are reported in addition to these outbreaks in the north. All the cases are said to be of a mild type, but the fact that it has overridden the wind and made good time despite the cold, is being considered a success.

The Wetaskiwin players were: Messrs. J. F. Ellis, H. R. French, J. Snell and D. MacCallum, and Messrs. V. C. French, R. S. Murray, Geo. Graham and W. Brown.

It is expected that Wetaskiwin will be in a challenge for the cup at once.

The Wetaskiwin Curling Club is putting on an open bonspiel competition on Jan. 25th, when it is expected several outside rinks will be here.

### SMALLPOX APPEARS IN ALBERTA

There is still considerable smallpox in the province, it is reported by Dr. W. C. Laidlow, chairman of the board.

Thirty cases developed at Stettler in January, but prompt measures were taken and the epidemic is believed to be under control. On the Little Prairie and Kinsol Indian reserves an outbreak among the natives is being dealt with by the dominion health authorities.

Individual cases and local centres of infection all over the province are reported in addition to these outbreaks in the north. All the cases are said to be of a mild type, but the fact that it has overridden the wind and made good time despite the cold, is being considered a success.

The only intent now is to run the machines twelve months in the year," he said. "We will be able to do this and produce more than 100,000 barrels of oil a day."

## MEASLES LEFT BAD COUGH.

The after effects of measles may be far reaching, as the irritation of the respiratory passages is one of the characteristics of the disease, and after it is over, those who have been robust, become delicate and liable to lung trouble, hence measles should never be regarded with indifference.

Measles are generally followed by an acute attack on the mucous membranes. The nose, eyes, ears, mouth, will, with watery discharge, sometimes bleeding from the nose, a cough of a sharp, frequent character, and a little hoarseness, no expectoration, hoarseness of the voice, etc.

Once the cough starts you should procure a bottle of Dr. Wood's Norway Pine Syrup, take a few doses a day and thus prevent bronchitis, pneumonia, etc., and in case of a cold getting a frost on your system.

Mrs. Oliver Kelly, Bellistle, Station, N.B., writes: "Two years ago I had measles, left ear, left eye, and had a cough. I kept getting up at last I could not sleep. My neighbor said she had a bottle of Dr. Wood's Norway Pine Syrup, so I sent and got a bottle, and before I had used it my cough was all better."

It is a great family medicine for colds and coughs, and I now keep it in the house all the time."

Dr. Wood's Norway Pine Syrup is also a large bottle of which can be had by sending up only by The T. Milburn Co., Limited, Toronto, Ont.

## ATTRACTIONS OF TWEED, ONT.

Canadians have grown more and more appreciative of the richness and variety of the different parts of our Dominion. The Province of Ontario, with its natural beauty, historical setting and opportunities, has parts that are distinctive—one of which is the County of Peterborough, county of Hastings. It has attractions of lake, river, hills, central location, agricultural activity and an adjacent district that is rich in promise. The situation is a happy combination of the natural beauty of Frontenac and Addington counties, and it retains enough of the natural beauty of the two to make it a desired summer resort. Small islands dot the lake, and the name of "Steep" by the early native settlers, the Mohawk and Massaga Indians, is still retained. The prominent Indian lens and woodland vision. The winding and tree-lined shores, the sandy beach to swiftly sloping rocky line, presents every beauty the artistic traveler can desire.

Buchen Woods are located in Tweed, and from Jameson, who at one time owned the village, a large portion of the land is now owned by the T. Milburn Co., Limited, Toronto, Ont.

The outstanding district of the town of North Hastings where are the only known deposits of mica

on the continent, of a workable size, and mica-pebbles are as the

great natural source, while

islands of great value to the

islands. These deposits have been

thoroughly prospected during

the last year and have been pronounced

the largest in the world. The com-

munity is established for mining de-

velopment as it is well supplied with

water power, transportation facil-

ties. The only industry at the present

time is that obtained as a by-prod-

uct of the lumbering industry and

its potent and far-reaching possibili-

ties as a fertilizer. A journalist,

of the "Daily Star," in Eastern On-

tario states: "If North Hastings, the

lumbering and sheep farms, can

make a community of its own, dedi-

cated to agriculture, it will be another

success in Eastern Ontario. The

development of the timber resources

of North Hastings is a great

possibility of success."

As to the uses of arsenic, there

has been practically exhausted and

the mineral resources of Canada

in order to carry on their busi-

nesses. As to the uses of arsenic,

there has been a great deal of re-

search and development in the last

few years, and the results are very

encouraging. The uses of arsenic

are many and varied, and the uses

of arsenic in the United States

are as follows: 1. In the manufac-

turing of glass, pottery, and ceram-

ics. 2. In the manufacture of paint.

3. In the manufacture of leather.

4. In the manufacture of soap.

5. In the manufacture of cosmetics.

6. In the manufacture of drugs.

## DR. H. M. TORY ON SCIENTIFIC INVESTIGATION

In an article recently contributed to "The Gateway," the student magazine of the University of Alberta, Dr. H. M. Tory deals with the value of scientific research, and we quote the concluding paragraphs, in which the bearing of our researches upon the development of our provinces is discussed:

"There can be no doubt but that our Province of Alberta has a great industrial future. Knowledge of our resources and the uses to which they may be applied is absolutely necessary for a full industrial development. It is the duty of all workers of today to bear their energies to secure this necessary knowledge."

"Look for a moment at some of our resources. We have the greatest area of arable land of any province of the Dominion, but with climate and soil conditions not equal to those of Ontario. As far as soil survey of our pastures has been made, meteorological conditions have been determined at only a few points and at stations established many years ago; we are yet without a comprehensive study of our native vegetation with a view to determine its value. No one has ever attempted to determine the rainfall over a period of years, making possible a judgment as to the suitability for cultivation of the dry areas. I might mention a score or other matters of equal importance."

"Thus far our enormous resources remain in the dark. Much research has already been done in determining the cost of production of various products. This is, however, sufficient to assure us that we possess fourteen per cent. of the coal reserves of the world, and eighty-five per cent. of the coal of Canada."

"The whole field of scientific research has been opened up by the work of French and England, forced general Bolshevik revolutions in the hunger lands. Today the fear is practically vanished. The object lesson of Russia under Red rule holds forth no hope to the hungry of Poland and Austria."

"Two years ago statements of French and England forced general Bolshevik revolutions in the hunger lands. Today the fear is practically vanished. The object lesson of Russia under Red rule holds forth no hope to the hungry of Poland and Austria."

"The whole field of scientific research has been opened up by the work of French and England, forced general Bolshevik revolutions in the hunger lands. Today the fear is practically vanished. The object lesson of Russia under Red rule holds forth no hope to the hungry of Poland and Austria."

## HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GULDERSON

P. O. Box 123, Parrsboro, N. S.

I suffered from Rheumatism for five years, having it so bad at times I was unable to get up without assistance. One day I saw an advertisement in the newspaper for "Fruit-a-tives" and was interested, so I wrote to the manufacturer and was sent a box. I took one box and got well. I then took them right along for about six months and the Rheumatism was gone and I have never since had it.

Any one who would care to write me as regards "Fruit-a-tives" I would be glad to tell them what "Fruit-a-tives" did for me.

JOHN E. GULDERSON,  
Contractor and Mason,  
Box 123, Parrsboro, N. S.

\$6.00 a box, \$2.50, trial size 25c.  
At all dealers or post sent by  
Fruit-a-tives Limited, Ottawa, Ont.

The Free Press article states that this decrease was occasioned more by decreased numbers even than lower prices. The figures given are as follows:

1918-19, \$51,965.31 in 1919-20, \$11,454.11-  
\$11,454.11 in 1919. Oats were worth \$15.16 in 1918-19, \$17,800.00 in 1919 and \$17,733.11 in 1919-20.

The Knob Troop of Boy Scouts are planning their second fancy dress carnival, to be held on Saturday night, February 11th, 1922. Five prizes will be offered for competition for the best costumes, and everyone is invited to begin now to prepare for this big night on the ice.

When you buy a diamond you are in selecting one of high quality and value. A diamond is a valuable substance. Use the same judgment in buying a diamond as you do in buying a horse. ## AGRICULTURAL PRODUCTS OF THREE PROVINCES FOR 1920

IS \$471,671,623

Winnipeg, Jan. 8.—Products of the three prairie provinces in 1920 were a total value of \$471,671,623, an increase of 167,723,117 over the preceding year, according to statistics compiled by the Manitoba Free Press and published daily. Figures on grain are for the last four months of the year, and all other figures cover the full twelve months.

Grain increased from \$206,917,291 in 1919 to \$229,138,338.91 in 1920. Livestock decreased from \$65,354,245 in 1919 to \$51,225,176.15 in 1920 and all other figures cover the full twelve months.

There are few complaints more common than hemorrhoids, commonly called piles, and scarcely any which cause more trouble and misery.

Piles are caused from three causes, i.e., lifting, protruding and bleeding, and consist in a prolapse of blood and lymphatic vessels in the portion of the rectum below the bowel or rectum.

The chief causes of piles are straining at stool, and the latter, I find, is the cause of most of the piles.

There are few complaints more common than hemorrhoids, commonly called piles, and scarcely any which cause more trouble and misery.

IS YOUR HEART WEAK?  
ARE YOUR NERVES SHAKY?

IF SO USE  
MILBURN'S HEART & NERVE PILLS.

There are many people at the present time, whose heart is affected, whose nerves unstrung, and general health impaired.

To all who offer Milburn's Heart and Nerve Pills, we would say, "Your science has produced for such troubles."

These pills have a wonderful effect on the nervous system, containing as they do the very best elements for the relief of all nervous trouble.

Mrs. C. Furtner, Treasures, Saugerties, N.Y., writes: "I suffered for over a year with heart trouble, nervousness, terrible headaches and dizziness, could not sleep and had no appetite. I was taken to Dr. Milburn's office and he helped me. I was completely disengaged."

A friend told me of Milburn's Heart and Nerve Pills and I ordered them. I began to feel better, and after seven boxes I fell like a new person. I heartily recommend them to my friends."

Milburn's Heart and Nerve Pills 50¢ a box. Wholesale dealers, or mailed direct by T. Milburn Co., Limited, Toronto, Ont.

The People's Choice  
For Over 70 Years

for digestive disorders has been Beecham's Pills. You can use them now, because they ready for biliousness, heartburn, flatulence, diarrhea, constipation. Stomach organs are stimulated and the whole system benefited by.

BIJOU THEATRE  
Admission 10c and 25cEXAMINER'S REVIEW  
OF THE MARKETS

CALGARY.—Following the first holiday week of the last couple of weeks, beef in Calgary has advanced half a dollar, and choice steers are up to \$3.00; good butchers \$6.50 to \$7.50; medium \$5.50 to \$6.50; common \$4.00 to \$5.25.

Shipments in the district tributary to Edmonton are reported to be steady, though there are prospects of an early season of production, when new levels will likely be reached.

Creamery butter \$1.50 to \$2.00; dairy market very poor. Storage eggs are premium, and fresh eggs are being brought in. Dressed poultry is quiet in the Edmonton district, and though advanced on fowl and chickens, in the low period, the market is still in different.

PRODUCE.—Light receipts and good demand has stimulated prices on fowl and chickens at Calgary, with the former up to \$1.50, and the latter \$2.00 dressed; chickens up to 25c to 25c; geese 20c to 25c; turkeys 25c to 30c, all unchanged. Creamery butter steady at 55¢ to 55¢; dairy butter slow at 20¢ to 30¢ for straight receipts, and fancy table grades 35¢ to 45¢.

DAIRY.—Fresh cream is up to \$6.00. Hogs have been steady, with sales up to \$17.50.

Hog prices at Edmonton have been firm, though the market, at one time up to \$16.50, but January it dropped back a quarter, and sales were at \$15.75.

SHEEP.—Good quality lambs at Calgary this week have shown a much better sale, with prices up to \$11.50 on some choice ones, and the range in quotations from \$10.00 to \$11.25; weath-

ers and sheep are also selling better, with the tops on the former at \$8.25, and the ewes from \$7.25 down, according to condition.

Sheep receipts at Edmonton during the week very light, but suitable offerings of fat stuff would sell, lambs probably at \$10.00 or a little better; weathers around \$8.00 and ewes \$7.25.

GRAINS.—Fairly wide swings in wheat prices since the opening of the year, but there is very little export business to warrant advances. Other grains holding fairly steady, but following movement of wheat.

Dairying prospects are reported somewhat favorable in the Edmonton district, but trade is very light, and market outlook on dairy butter is so poor that firms are sending out asking buyers while the present condition lasts to buy as little dairy butter as possible, but advise farmers to ship their cream as there is always a market for it.

Creamery prices in cream remain at 45¢, 49¢ and 50¢; with the market steady, though there are prospects of an early season of production, when new levels will likely be reached.

Creamery butter \$1.50 to \$2.00; dairy market very poor. Storage eggs are premium, and fresh eggs are being brought in. Dressed poultry is quiet in the Edmonton district, and though advanced on fowl and chickens, in the low period, the market is still in different.

PRODUCE.—Light receipts and good demand has stimulated prices on fowl and chickens at Calgary, with the former up to \$1.50, and the latter \$2.00 dressed; chickens up to 25c to 25c; geese 20c to 25c; turkeys 25c to 30c, all unchanged. Creamery butter steady at 55¢ to 55¢; dairy butter slow at 20¢ to 30¢ for straight receipts, and fancy table grades 35¢ to 45¢.

DAIRY.—Fresh cream is up to \$6.00. Hogs have been steady, with sales up to \$17.50.

Hog prices at Edmonton have been firm, though the market, at one time up to \$16.50, but January it dropped back a quarter, and sales were at \$15.75.

SHEEP.—Good quality lambs at Calgary this week have shown a much better sale, with prices up to \$11.50 on some choice ones, and the range in quotations from \$10.00 to \$11.25; weath-

ers and sheep are also selling better, with the tops on the former at \$8.25, and the ewes from \$7.25 down, according to condition.

## VANCOUVER MAN GETS SURPRISE

FINE RESULTS HE GOT FROM  
TAKING TANLAC WAS MORE  
THAN HE EXPECTED

"It certainly is wonderful how quickly the right medicine will get a person to feeling right again," said G. A. Almquist, 415 15th Ave., Vancouver. "In fact, well-known medical men claim the results are even better than those of the present Master of Medicine."

"About a year ago I first noticed my stomach was getting out of order, and I kept getting worse right along until I got to where I could hardly eat anything without suffering from indigestion. I couldn't eat anything, sometimes the smell of food would make me sick. I couldn't eat anything and when I did eat a little it just seemed to turn to gas. I had a burning sensation from the pit of my stomach clear up into my stomach, and the gas would come up into my mouth. I could hardly breath and caused a terrible pain in my side. I had headaches nearly all the time, sometimes was almost blind with them, and I was so nervous I couldn't get a good night's sleep. I always started my day's work so tired, I could hardly move, and sometimes I was too exhausted for several days at a time."

"Feeling so much about Tanlac, I decided to try it, and the way it helped me was the surprise of my life. After taking only one bottle my indigestion was gone and now I seem to eat all day long for two months and never feel the least bit uncomfortable. In fact, I never had a headache, and no nervousness any more, sleep like a log every night and get my meals ready for a hearty breakfast and a big day's work. In fact, I feel so well, and my troubles are all gone, I just want to keep Tanlac for a lifetime. I intend to live in my home for ever."

Tanlac is sold in Wetaskiwin by the Northern Drug Co.

AUTHORISED ISSUE  
OF \$2,000,000 OF  
TEN YEAR BONDS

The Executive Council of the Province of Alberta has authorized an issue of two million dollars in 10-year bonds. Provincial Treasurer Mitchell announced that the bonds are required to be on hand for opening at the provincial treasurer's office in Edmonton January 17th.

One million will be devoted to improvement of railways under the control of the province.

EDMONTON AND BARROW

KETSBETH

IMMEDIATELY on hearing this superb resolution

I can picture oneself within the walls of this peaceful garden. The monastic life, peal forth the voices of matins and vespers; the voices of the choir are heard to chime in Gregorian "Kyrie Eleison" (Lord have Mercy).

The selection by Kitchener is a wonderful piece of music and "His Master's Voice" Orchestra and Chorus have given a superb rendition.

Offenbach's Minuetto and Barcarolle is the accompanying selection and Henry's Orchestra interpret this, with dexterity and beauty of tone resulting in a sterling piece of expressive playing.

Ask to hear these new selections on  
"His Master's Voice" Records

**MILLET**

Millet, Jan. 11th, 1921.  
The Millet Board of Trade had their annual meeting last Thursday, with some turnout. Everyone is interested, and it looks like a return to the board of Trade of seven years ago, when everyone within distance was a member.

The Millet Board of Trade Hard Times dance Friday, January 28th. Prizes for original costumes and best pair of waltzers.

The Millet school deliberations were held locally, going on after the annual meeting. The champion lyreman was in Millet on Monday, but was not successful in placing the lyre here for the fall. The lyre was very successful here last fall and would be a great success this fall, but no one could be found to guarantee the amount of interest.

A very rough and fast game of basket ball between Edmonton Intermediate Y.M.C.A. and the Millet ball team.

The game was not what you could call delicate. One Millet gentleman got a peach of a black eye, and is now busy explaining how he got it.

The game was won by the Millet team 25-14. Next game January 21st. Look in next week's Times.

C. A. Kent, our worthy station agent, and family, are leaving for California for a short vacation.

Weep no more my lady, you will soon be able to purchase the west side of Railway street and much of the trains.

The board of directors of the Millet ball team, which faces the railway and has been for years a means of identification for Millet, is soon to come down. It is a sad fact, but nevertheless it is true that the members will withdraw from the game of clean living without a sigh.

The Millet young ladies are forming a basket ball team. Meeting at Physon's Hall Saturday night at 8 o'clock. Harry Stuart will be the

chairman. This will mean a big attendance.

Millet has now four electric light plants, which have made a big difference to the main street.

Harold, you are wrong. It was not the workman you mentioned. See Millet.

An interesting debate took place at the church Monday evening, Rural Life vs City Life. Rural life won by one point, after a very fine argument put up by both sides. Some very good points were brought out, but through our heads—How is it that in Hilda can they raise eggs that cost them nothing? We might suggest that there are lots of farm papers that would explain more fully.

Millet high school is giving a great show for the drama.

School trustees' election Saturday last resulted: C. Christie, 29, W. H. Bowlandson, 19, T. K. Rogie, 16; the first two being elected.

**SUNDAY SERVICES**

Larch Tree—1:30 p.m.

Hillside—3:30 p.m.

Thursday night lantern lecture at Hill Tree. Subject—"How We Got Our Home."

Friday night lantern lecture at Hill Tree. Subject—"The Passion Play," by the Rev. L. N. Hughson.

**MILLET U.F.A. A.**

Millet, Jan. 5, 1921.

The annual meeting of the U.F.A. was held in Physon's Hall on Jan. 28th.

The financial statement for the year 1920 was presented and Mr. T. K. Rogie was elected as auditor.

The officers elected for 1921 were as follows:

Pres. C. E. Scharff.

Vice-Pres.—P. Phynay (re-elected)

Sec-Treas.—H. G. Young (re-elected)

Directors—J. Beulah, J. M. Holt,

P. I. Jordan, J. Harvey, C. Moen.

The question of sending delegates to the annual convention was discussed and it was decided to send two delegates as follows: C. E. Scharff, P. I. Jordan, H. G. Young.

The question of raising money for delegates' expenses was taken up and the executive was empowered to raise money by entertainments, etc.

The meeting was adjourned immediately after the annual meeting it was decided to give a progressive party on Wednesday, Jan. 12th, at 8 p.m. Plans were also made for a big entertainment in February. This will be announced later.

The officers elected for the year 1921 were as follows:

Pres.—Mrs. W. L. Gray.

Vice-Pres.—Mrs. M. J. Howes.

Sec-Treas.—Mrs. Howard Marr.

Directors—Mrs. W. Ross, Mrs. Adam MacLean, Mrs. A. E. Dowdell, Mrs. P. I. Jordan, Mrs. H. G. Young.

The delegate to all the annual convention was elected—Mrs. Howard Marr, with Mrs. W. Ross as alternate.

The delegate to the annual convention was elected—Mrs. Howard Marr, with Mrs. W. Ross as alternate.

Presentations of reports for 1920.

Rev. W. J. James, Incumbent.

**RED CROSS CONVENTION, JAN. 21 & 22**

The Alberta branch of the Canadian Red Cross Society held their 10th annual convention in the First Baptist church, Edmonton, on Friday and Saturday, January 21 and 22. On Saturday the 22nd, the day immediately following the U.P.A. convention, the Red Cross convention will be thrown open to all the large delegations who wish to attend. The program will include many topics of importance to everyone interested in the local problems of the province.

**GENERAL NEWS**

London, Jan. 2.—Two hundred and thirty persons were killed and 446 wounded in Ireland in 1920 as a result of what are described in an official report as "serious outrages." These figures do not include 82 civilians who died as a result of the riots in Ulster from June to September.

Calgary, Jan. 4.—There is every possibility of the removal of the British embargo on Canadian cattle in the near future, according to a telegraphic message from London. Mr. Marshall, minister of agriculture, from Lord Beaverbrook today, Mr. Marshall stated that Lord Beaverbrook is in the forefront of the fight in Britain for the removal of the embargo, and had been able to enthuse the support of Scottish newspapers.

Caught at 11:15 p.m. Monday by Constable Rawson of the Alberta Provincial police, who was on duty at the station, presumably for Calgary and from there to the American border, the two Edmonton youths who committed the daring robbery of a City Transfer taxi near Port Saskatchewan on three o'clock Monday afternoon, were placed under arrest and were brought before the magistrate yesterday morning by the provincial police. When arrested the two young men gave their names as Ross and Holgate and had in their possession four revolvers, including two automatics, several suitcases and a quantity of wearing apparel—Edmonton Bulletin.

**THEATRICAL NOTES**

An guardian of the public morals we are impelled to commend the Wilson theatre management for the excellence of its recent offerings in the field of photoplay entertainment. We have heard a great deal about the new picture plays as "Polymyia," and we have absorbed alleged high-class entertainment at two dollars a throw that we wouldn't trade last week-end's bill at the Wilson for.

**SASKATCHEWAN LOOKING INTO WHEAT MARKETING PLAN**

Regina, Jan. 7.—The Saskatchewan government has been giving the matter of wheat marketing serious consideration and is now endeavoring to secure the best available expert advice on the various plans for marketing wheat, according to a communication from the minister of agriculture.

The statement was made in reply to the suggestion contained in a dispatch from Ottawa that the provincial government was considering the creation of a wheat pool for the exclusive benefit of Saskatchewan farmers.

"It is true that the government has been giving the whole matter of wheat marketing serious consideration since the abolition of the wheat board," declared the premier.
